- Since our team currently billeted in the Barracks at Camp Perry, John Stare along with Fred Haag is working a team from North Carolina to get some hut accommodations.
- The last highpower match hosted at York had 18 shooters and Clay Miller won.
- A Hearty thank you was extended to Jim Jensen for getting the membership approved, otherwise we would not be able to field a six man team at Perry this year.

## **Legislative**

- Nothing new to report

## **Old Business**

- Inquiry made to elevate the new sign placed at the driveway entrance and placement of the second sign that was made but has yet to be placed on the property.
- We had an additional indoor range certification class on July 10th with another one scheduled for July 24th. Currently there are 334 members that are certified to use the indoor range. It was also noted that since the new policy has been in place the damages to the indoor range have been reduced significantly.
- The Board of directors approved the purchase of a new countdown timer/clock for the indoor range. Current clock/timer has some electrical issues and should be replaced prior to the start of the indoor smallbore season. A new timer was ordered but when it arrived it proved to be less than satisfactory and an attempt was made to return. The company that we ordered it from is somewhat “shady” and since it was charged on Jeff Walters personal credit card he is working with his issuing bank to gain a refund. In the meantime a second replacement timer was ordered though [amazon.com](https://www.amazon.com) and it was 1/3 the cost of the original replacement and works up to our expectations.

## **New Business**

- We received a flyer for the YORk County Envirothon 10 annual Sporting Clays fundraiser to be held on September 22nd. Flyer will be posted in the clubhouse.
- Some of our club participated in the York County Senior Games shooting events.

- We will be having an election of officers and directors at the October Meeting. Nominations will be placed during the September meeting. If you are interested in being nominated please contact one of the officers or directors prior to the September meeting.
- Steven Baker inquired if there was a portable ramp to use for access to the clubhouse for those members and guests that are physically disabled. Steven Baker will look into acquiring a ramp for access.

### **Good or Welfare of the Club**

- Fred Haag mentioned that the next highpower match will be on July 30th not the 23rd. This is due a schedule conflict with the events at Camp Perry.
- Jeff Walters announced a recall for the Ruger Mark IV pistols due to a safety issue. Please see the the Ruger website for more information.
- A member placed a 25 pound weightlifting weight on the 100yd berm to use as a steel target. As a reminder we are a paper target only club with the exception of club placed steel targets on the pistol range and @ the 235yd berm. Any other targets are strictly forbidden on club grounds. Anyone using prohibited items as a target can receive sanctions or punishment from the BOD and Officers.
