Legislative

- Due to the shooting in Las Vegas, Gun control legislation has been in the forefront of the media attention as well as legislator prerogative. Current pro gun legislation is currently on hold due to the shooting. This includes national conceal carry regs and silencer legislation.
- As a reminder that the use of bump fire stocks or other items that simulate full auto fire are not permitted on club grounds. This rule has been in place for a number of years. Items are legal to own but you will need to find another location to use.

Old Business

- Election of officers and directors for 2018. Winners of the election was President Doug Nace, V. President Dick Ide, Treasurer Cheryl Gerhardt, Secretary Jeff Walters, Membership Jim Jensen, Directors George Himmelright, and Devin Pence.

New Business

- One of our members that has had some recent back surgery was wondering if it was possible to bring his own target stand on the pistol range, due to the heavy weight of the club supplied frames. President Nace looked at our club rules and to clarify rule #5 under the pistol range states that only club supplied target frames are to be used on the range. So currently the answer for this member is he is only permitted to use club frames. Will address rule when we look at current club regs this winter.
- US law shield organization is looking for clubs that are willing to host their seminars. Consensus is no interest at this time.
- Last time rules were reviewed was 4 years ago. Currently we are putting together a committee to look at the club rules. Committee is open any member of the club.

Good or Welfare of the Club
